

Congregational Meeting

Sunday July 31, 2016 following worship

Presented by the TLC Task Force

The task force and council are requesting your attendance at a short meeting following worship Sunday July 31st. We will meet in the sanctuary immediately following the service.

The purpose of this meeting is to visit with you regarding the task force and we are asking for your input and ideas. We have met several times since January and would like to share some information and hear from you.

Over the past several years Trinity has experienced many significant challenges: several members have had life altering changes, over 20 members have died, and there has been several major maintenance expenses (new air-conditioner for the church, lightening strike to the church tower) with many more major items still needing to be addressed.

We are thankful for every day and look forward to the future as we meet these challenges. **Currently at midyear, our expenses have been \$16,000 more than the income received.** The church council is looking at our finances and our resources so we can keep the lights on and the doors open to continue our mission at Trinity Lutheran.

The task force and council have a responsibility in finding a solution(s). But it will take **ALL OF US TOGETHER** taking a more active role to help Trinity Lutheran Church remain viable as we move forward.

The Task Force has identified three primary assets at Trinity: Pastor Mamy, congregation members and our facility (sanctuary and buildings). Please take the time and be a part of this meeting together on Sunday, July 31.

Thank You

Curt Lewis, Bob Horton, Bob Kobbeman, LaVell Winsor, Dean McGinnis and Pastor Mamy Ranaivoson
